Stage 4 Showcase Evening

Last night it was great to see so many people coming to see our first Project Based Learning showcase. Guests were entertained with project videos where students had to promote our town and its landmarks. This project focussed on the key learning areas of English and Geography, developing their understanding of the social and physical challenges faced by the Cobar community in promoting tourism as well as the intricacies involved in designing and producing an advertising campaign.

Additionally guests were able to witness firsthand how experiments and research is undertaken in the world of STEM (Science, Technology, Engineering and Mathematics) with a display of visual recordings and written documentation.

In the spirit of teaching our students “that is OK to make mistakes as we learn”, we have generated lots of ideas to improve not only our future showcase events but also in how we structure the learning at school.

Wellbeing

CHS has of late hosted 2 very important events to support the wellbeing of our students. Both the visit from our friends at BATYR and the workshops on suicide prevention are aimed to teach our students that it is OK to ask for help and to ask others if they need help. As a school community it is essential that we all look out for each other to promote positive mental health and ways we can help those in need. If you feel you need to chat to someone, please consider the following options.

kidshelpline.com.au or call 1800551800

lifeline.org.au or call 13 11 14

eheadspace.org.au

reachout.com.au

Assessments due Week 9 (10 December - 14 December)

Year 12: Biology
English Advanced
English Standard
English Studies

Assessments due Week 10 (17 December - 19 December)

Year 12: Mathematics
Mathematics Standard 2
Mathematics Standard 1
Chemistry
